Print Media

Washington County Reports

Weekly Legal Journal

550+ subscribers

The legal profession looks to the legal journal for legal ads, Court notices and news, and Bar Association information.

The legal journal accepts display ads for products and services that may be of interest to the legal profession.

Place one ad just one time, or launch a full-scale, multi-week marketing blitz.

Rates start as low as \$25 for a one-time, quarter-page ad.

Seminars

Would you like to pitch a seminar idea to one of WCBA's practice area sections or committees? Typically, sponsors cover the cost of the meal and expenses for the seminar.

Charitable 501c3 Foundation

The Washington County Bar Foundation was established in 1989 as the charitable arm of the Washington County Bar Association.

Fundraising events are held throughout the year, contributions to which are tax-deductible as a charitable donation.
